Summary of odakyu Free Wi-Fi update

1. Release date of updated version

June 16 (Thu), 2016 (scheduled date)

2. Main additions and changes

(1) Simplified Wi-Fi connection procedure

In response to user feedback suggesting that the previous Wi-Fi connection procedure was complicated and difficult to use, we have simplified the procedure by making it possible to use Wi-Fi simply by agreeing to the terms of use, etc. Wi-Fi services can be used free of charge for up to 3 hours at a time.

(2) Addition of new area guidance function (Travel Information by Odakyu)

Information for each area is provided to match the user's needs in the following categories: "Ride", "Eat", and "See".

Also, information on the area of use is displayed by connecting to the user's location information.

(3) Expansion of areas where service is available

The service has been expanded and is now also available in Enoshima/Kamakura, where it can be used at the tourist information center within Fujisawa Station as well as at Katase-Enoshima Station and all Enoden stations, etc. This will make sightseeing in Enoshima/Kamakura more convenient.
