

【Topics】 “Alipay” now available as a payment method for purchasing digital tickets

From January 30, 2024, in addition to credit cards and “PayPay”, “Alipay” is now available as a payment method for purchasing discounted digital tickets including "Hakone Freepass" and "Limited Express Romancecar" digital tickets. Please take advantage of this opportunity to use digital tickets.

1. Digital ticket purchase website

The browser-based website allows passengers to purchase tickets via their smartphones without downloading a dedicated app. Passengers can buy tickets wherever they are and at any time. They can board a train and bus by showing digital tickets on their smartphones to attendants or scanning a 2D code on a dedicated device without exchanging them for printed tickets.

*Personal computers and tablets cannot be used because it is a smartphone-only service.

*Each passenger is required to have a smartphone.

2. Tickets that accept Alipay as payment method

"Alipay" is accepted for purchasing all tickets sold on the digital ticket purchase website, including the digital Hakone Freepass, digital Enoshima-Kamakura Freepass, and the digital ticket for the limited express Romancecar.

3. How to purchase tickets using “Alipay”

Visit the Odakyu Electric Railway official website on your smartphone and tap the "purchase" button to transition to the ticket purchase website. Follow the on-screen instructions and select “Alipay” on the payment method selection screen.
