

【Topics】 QR authentication and touch payment have been installed in the Hakone area

From August 29, 2023, QR authentication has become available in the transportation network of the Hakone area. Digital tickets such as the Digital Hakone Freepass, which is available to purchase on the official ticket website, can be used just by scanning them over QR ticket authentication system.

Furthermore, touch payment with international brand credit cards are also available for some tickets. Please check the following map for the stations where you can use QR tickets and touch payment.

| | | |
|--|--|-----------------------|
| +++++ Hakone Tozan Railway | ----- Hakone Tozan Cable Car | ———— Hakone Tozan Bus |
| Hakone Ropeway | Hakone Sightseeing Cruise | Odakyu Line |
| Stations with the EMot QR ticket authentication system | Stations accepting touch payment (for listed tickets only) | |

*With a ticket including Odakyu train ride, one round-trip within Odakyu Line (departing station - Odawara) can be used.

For EMot QR tickets,

Touch
the yellow box!

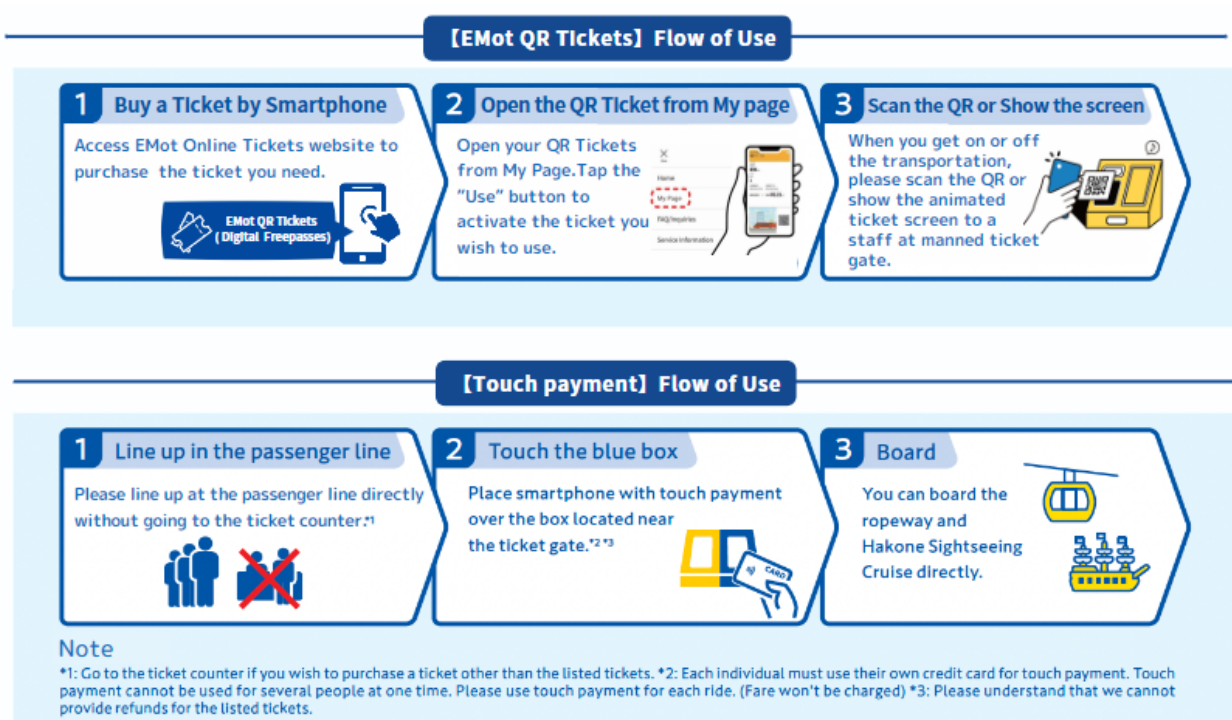

For touch payment,

Touch
the blue box!

EMot QR ticket authentication has been implemented in the Hakone area!
